ARPA SURFACES EXTEND THEIR OFFER WITH A MATERIAL SCENARIO SUITABLE FOR DIFFERENT STYLES OF DESIGN.

The new stones range from the dark nuances of slate - with Sabara and Ardesia Cicagna in Urban finish – to the charm of other surfaces such as Dahra inspired by the golden stone of Algerian origin, Pietra Regale with irregular copper-coloured veins and Agorà characterised by transparencies and micro-veins. Marmo Arabescato and Trevi add the boldness of dark streaks to the new selection of stones in contrast with the softness of Kèr finish.

Ciliegio Bulot decor offers a sense of intimacy and comfort with a warm, reddish tone. While the light wood of Noce Dogale enhances the refinement of any space.
Both decors are combined with the timeless elegance of Alevé finish.

Le superfici Arpa ampliano il proprio panorama materico adattandosi a diversi stili di design.

Le nuove pietre spaziano dalle nuance scure dell'ardesia – con Sabara e Ardesia Cicagna in finitura Urban – al fascino di altre decorativi come Dahra ispirata alla pietra dorata di origine algerina, Pietra Regale con venature irregolari color rame e Agorà caratterizzata da trasparenze e microvenature. Marmo Arabescato e Trevi aggiungono alla selezione di pietre l'audacia delle venature scure in contrasto con la morbidezza della finitura Kèr.

Il decorativo Ciliegio Bulot offre il senso di intimità e comfort del tono caldo, tendente al rossastro. Mentre il legno chiaro di Noce Dogale esalta la raffinatezza di ogni ambiente. Entrambi i decorativi sono abbinati all'eleganza senza tempo della finitura Alevé.

Die Auswahl an Arpa-Oberflächen wird um ein Material-Szenario erweitert, das für verschiedene Designstile geeignet ist.

Die neuen Steine reichen von den dunklen Nuancen des Schiefers – mit Sabara und Ardesia Cicagna in der Ausführung Urban – bis hin zu anderen charmanten Oberflächen wie Dahra, der durch den goldenen Stein algerischen Ursprungs inspiriert ist, Pietra Regale mit unregelmäßigen kupferfarbenen Adern und Agorà, der sich durch Transparenz und Mikroadern auszeichnet. Marmo Arabescato und Trevi fügen der neuen Auswahl an Steinen auffällige dunkle Streifen hinzu, die im Kontrast zur Sanftheit des Dekors Kèr stehen.

Das Dekor Ciliegio Bulot vermittelt mit seinem warmen, rötlichen Ton ein Gefühl von Intimität und Komfort. Das helle Holz von Noce Dogale unterstreicht die Raffinesse eines jeden Raumes. Beide Dekore werden mit der zeitlosen Eleganz des Alevé-Dekors kombiniert.

Les surfaces Arpa élargissent leur offre avec un scénario de matériaux adapté à différents styles de design.

Les nouvelles pierres vont des nuances sombres de l'ardoise – avec Sabara et Ardesia Cicagna en finition Urban – au charme d'autres surfaces telles que Dahra inspirée de la pierre dorée d'origine algérienne, Pietra Regale aux nervures irrégulières de couleur cuivre et Agorà caractérisée par des transparences et des micro-nervures. Le Marmo Arabescato et Trevi apportent à la nouvelle sélection de pierres l'audace de stries sombres qui contrastent avec la douceur de la finition Kèr.

Le décor Ciliegio Bulot offre un sentiment d'intimité et de confort grâce à ses tons chauds et rougeâtres. Tandis que le bois clair de Noce Dogale accentue le raffinement de n'importe quel espace. Les deux décors se marient à l'élégance intemporelle de la finition Alevé.

ES

Las superficies de Arpa amplían su gama con decorativos adecuados para distintos tipos de diseño.

Las nuevas opciones en piedra varían desde los matices oscuros de la pizarra —con Sabara y Ardesia Cicagna en acabado Urban— hasta el encanto de superficies como Dahra, inspiradas en la piedra dorada de origen argelino; Pietra Regale, con vetas cobrizas irregulares; y Agorà, caracterizada por transparencias y microvetas. Marmo Arabescato y Trevi añaden la audacia de las franjas oscuras a la nueva selección de piedras, en contraste con la suavidad del acabado Kèr.

El decorativo Ciliegio Bulot ofrece una sensación de intimidad y confort, con un tono cálido y rojizo. La madera clara de Noce Dogale realza el refinamiento de cualquier espacio. Ambos decorativos se combinan con la elegancia intemporal del acabado Alevé.

Het assortiment van Arpa-oppervlakken breidt zich uit met een materialenscenario dat geschikt is voor verschillende ontwerpstijlen.

De nieuwe stenen varieren van de donkere nuances van leisteen – met Sabara en Ardesia Cicagna in de Urban-afwerking – tot aan de charme van de andere oppervlakken zoals Dahra, geïnspireerd op de gouden steen van Algerijnse oorsprong, Pietra Regale met zijn onregelmatige koperkleurige aders en Agorà met zijn transparanties en micronerven. Marmo Arabescato en Trevi voegen gedurfde donkere strepen toe aan de nieuwe selectie stenen in contrast met de zachtheid van de Kèr-afwerking.

Met een warme, roodachtige tint geeft het decor Ciliegio Bulot een intiem en comfortabel gevoel. Het lichte hout van Noce Dogale versterkt de verfijning van elke ruimte. Beide decors worden gecombineerd met de tijdloze elegantie van de Alevé-afwerking.
