 ARMANDO

 **ARMANDO
VICARIO**

Il design che incontra il vostro stile.
Design that meets your style.

E' dagli inizi degli anni '80 che l'azienda sta espandendo i suoi mercati di riferimento, con una continua crescita sia dei paesi che del numero clienti e fatturato, con un portafoglio prodotti sempre più dettagliato per soddisfare le richieste più innovative ed esclusive.

Nel 1974 ha inizio questa avventura, tuttora azienda imprenditoriale dove la seconda generazione della famiglia Vicario, Daniele e Rossana, ha implementato le attività produttive, inizialmente focalizzate sulla rubinetteria cucina, includendo il bagno e lo spazio doccia.

Questo significa che la volontà di mettersi a confronto con le proprie capacità ed i propri prodotti da una parte e di aver avuto un riscontro positivo in termini di accettazione da parte dei clienti, ha premiato l'imprenditorialità di ARMANDO VICARIO, sia come fondatore che come società nel divenire.

At the beginning of the 80', Armando decided to expand the Company's development strategies in the international markets. This decision led to a significant change in mentality and market approach, with a necessary expansion of products portfolio, to meet the requests coming from new markets.

1974: the story of Armando begins, still today an entrepreneurial Company now managed by the second generation of the family: Daniele and Rossana, who implemented the production activities, initially focused on the kitchen faucets segment with the new bathroom faucets and shower components segment.

This successfull decision confirmed that the willingness to get involved with his own skills and products on one side and receive a positive customers acceptance on the other, rewards the entrepreneurship of Armando, both as a founder and Company President in the future becoming.

Design Develop Deliver

Nuove risorse specializzate sono entrate in azienda, sia in ambito commerciale che tecnico-produttivo, per portare nuove competenze e capacità che valorizzeranno il percorso dell'azienda nel suo divenire.

Ma senza dubbio la maggiore abilità dell'azienda è quella di trasformarsi internamente, di essere in continuo movimento secondo il dinamismo dei mercati e sempre in armonia con una sostenibilità economica, ambientale e sociale.

MADE IN ITALY È IL NOSTRO VANTO

I rubinetti Armando Vicario sono interamente disegnati, progettati e prodotti in Italia: frutto di ricerca, esperienza, "saper fare" e passione a tutela della qualità e sicurezza del cliente.

But undoubtedly the greatest skill of the company is the ability to transform itself internally, to be in continuous evolution according to the dynamism of the markets and always in harmony with the economic, environmental and social sustainability.
